Dear Families,

Our school endeavours to keep up with technology and ensuring our communication is effective within our learning community. We have subscribed to use the Skoolbag Smartphone school to parent communication mobile App.

Skoolbag is the ultimate school to parent communication tool. The School Mobile App provides us with an easy way to communicate with families and provides families with everything they need to know about school news, newsletters, events calendar, announcements, school information, sick note forms, school notes and much more.

The Skoolbag School Mobile App allows us to use the service to send Push Alert Notifications directly to parent smartphones. Parents will need to download the App to receive school notifications. The app is frequently updated with bug fixes and improvements, so we recommend enabling automatic updates. Be sure to allow notifications.

We encourage you to download this app so that you are able to receive direct notifications from the school as required.

Karen Deacon
Principal

SkoolBag 

Stay connected with our School App

1. Search for SkoolBag in the app store
2. Install the app and allow notifications
3. Add our school and follow the prompts
